Episode 1: Goddess and Aisha

When we stepped into heaven, there's a castle shining in gold in front of us.

It's not just made of gold.

The whole castle is wearing divinity of a treasure.

Furthermore, it's bigger than Elena Ria's castle.

It doesn't seem to be brought upon by a human power.

I stand just in front of the gate.

When I turn around, Aisha and the Queens came out of the gate that seems to be connected with the castle.

「Oh~ This is amazing~!」

Eunice says so but I don't have any other impression but it being big and shining.

If I brought an architect or an artist then they might talk a lot but our objective isn't the castle.

「Aisha, is the Goddess here?」

Aisha nods to my question.

「Yes, I can feel her. She's definitely here」

「Then, there's no need to hesitate. Let's go in」

I walked from the front in a dignified manner.

「First would be greetings」

I blew off the entrance with explosion magic

The entrance that was proud of its wonderful beauty until now has become horrible debris.

Though I hit it with splendid power, the response was more than I expected.

We passed through the entrance and entered.

「Do you know where she is?」

「Let's see, there's a big room on the second floor, I think she's there」

It's unknown why does she know where she's located but now's not the time to ask that.

What I must first do is to defeat the Goddess.

「Then, let's hurry up」

Raising my right hand up, I shot an extra large fireball at high speed.

It made a hole on the ceiling and I can see the second floor.

We flew to the second floor through that hole using magic.

「Oh, what a rude trespasser. Do you know manners on entering other people's houses?」

A voice called out to us after we reached the floor.

Looking up, I saw the source of the voice.

She's like a king on RPGs who's sitting on a luxurious chair put a step higher on a spacious room.

Certainly, her body's suitable for a Goddess.

Slender legs filled with meat.

Her ass and waist looks good to grab even looking from front.

Then, her big bountiful chest that would capture your eyes.

It's the finest now matter how you look.

But, I took a big surprise on her beautiful face more than anything.

「You...Your face」

Her face that's looking at me is the same as Aisha.

Though her hair is colored shining silver, they looked the same.

The Goddess, that we are going to defeat has the same face as Aisha.

I'm at loss from that fact.

The queens at the same time too. Eunice isn't saying a word.

「I was wondering what kind of hero is the human you brought but it's surprisingly normal, Aisha」

「...Arianne」

I returned to my consciousness as Aisha spoke up.

「Aisha, explain what's going on」

I told her with a strong gaze.

「Fufufu, did you not explain the circumstances properly? Then should I give an explanation?」

「No need, I'll be the one talking」

Saying that, Aisha turned to me

「Goddess Arianne is my elder twin sister」

Twin...

Looking at it again after being told so, they certainly have a sublime difference.

Also, it seems that the inside are greatly different.

The arrogant attitude looking down on a human being oozes out from her eyes.

Aisha's not giving that kind of atmosphere.

「Arianne and Me are both born as sons of God and lived in the heaven but one day, She snatched my power as a God. Then I fell on the surface and was sealed off」

「Snatched?...Did your parents just watch you in silence?」

「I told you before but...Gods are selfish. They've disappeared a long time ago already」

They pushed their own world to their children and disappeared, they really don't have common sense.

「But, thanks to that, I was able to confine Aisha to the surface」

Arianne says happily.

「In the first place why did you steal Aisha's power? Is the reason hate?」

「That's not it, it's something that was doing well」

Arianne looked away from me then stared at Aisha.

「I noticed it at that time, this world doesn't need to Gods. If so, Aisha has to be the one to disappear」

Just how much would she demonstrate the selfishness of Gods.

She even sealed up her own family.

「I haven't killed her as mercy but I never thought that she'd retaliate using a human being. Do you think that humans can match God?」

The Goddess mocks.

I looked away from her then towards Aisha.

「Is that true? The purpose of your contract is for revenge?」

「...That's right, it's all for the sake of revenge against Arianne. Fufu, I'm also a son of God so I called Ryuu in this dangerous world for my sake」

Aisha ridicules herself.

「I told you that the world would be ruined but that was just an official stance. It's actually all my ego」

But, the feelings rising up in me weren't anger.

「Kuku...Hahahaha」

Aisha and Arianne stared at me dumbfounded as I suddenly laughed out.

「Isn't that great?! It doesn't change that what we have to do is to defeat the Goddess, right?!」

「T-That's right」

Aisha answered though she's pulling from me who's slightly taunting.

「Then it's fine right? I'll just use my own hands to defeat this Goddess. It sounds good to have sisters serve me too」

The savior of the world.

It can't be said that I wasn't allured by those words.

But, the me who was deceived this far is stupid.

We've been together for the longest time but I wasn't able to notice her aim.

Then, I can say that I reap what I sow

I'm thankful that I got an ability, I don't have any grudge against Aisha.

Then, it's my duty to accomplish the contract until the end.

「Ahahaha, That man seems to have made a breakthrough」

Arianne who's not changing her arrogant attitude laughs at us.

「Laugh while you can. I'll teach you who should be on top immediately」

I looked back after declaring a war.

Ahead of me are the Queens who were silent since a while ago.

「This is originally my contract with Aisha so I open the door since your duty is over」

I cut to the chase.

「But, I'm short of hands to beat down the Goddess. Help me」

After saying daringly, they responded.

「Of course, won't it be terrible to be left out after coming this far?」

「My sword is already given to my King. Please use it to your heart's content」

「I'm not good at fighting but I'll do my best」

「What a cold master. Also, I'm looking forward on how far my magic can go」

「Though this body has fallen to the ground, the power of me who ruled the sky is alive and well」

They're all filled with motivation.

Was it not needed to make an introduction?

The way of understanding hasn't exceeded, it begins with all members.

「You're claiming to be a God even as a joke so you won't be complaining if the enemies has increased to five, right? Here we go」

Thus, my last fight has began.

Episode 2: VS Arianne – First Part

「Ahahaha! Very well! Come at me!」

Even in a many-to-one situation, Arianne doesn't have her composure destroyed.

While we're in battle pose, she's not even standing up from her chair.

「First move will be mine!」

Seeing that the opponent won't move, Elena Ria pushed forward.

She's the best Queen in battles, the strongest swordsman who you can only catch her afterimage at best on short distance fights.

「Haa!」

Elena Ria cuts down the distance in a blink of an eye then fires a stab with great speed.

Furthermore, the tip of the sword exceeds the speed of sound, as evidence, I heard the wall of air breaking too.

The sword technique that can cut me down if I fight it upfront is approaching the goddess.

「Hmm...」

But, Arianne doesn't defend.

The next moment, the sword pierced her chest...or so I thought.

「Do you really think that merely thrusting would be effective on me?」

Arianne caught the sword without moving a finger while still sitting down.

Of course, the tip sticks to her beautiful silk-like skin.

But, it doesn't advance a single millimeter from the point of contact.

「Kuh, what did you do?!」

Elena Ria's sharp observation power turned to Arianne.

Normal human would be unable to move, even so, she's not paying

attention.

「There's no need to tell you, right? Rather than that, it's an obstruction if you keep it sticking to me」

At the same time, an explosion happened between the two.

Elena Ria who's at close range was blown off.

「Elena Ria!」

I instinctively shouted, but she took a defensive stance before she was flung against the floor and got up immediately.

「Sorry, I was careless There's no problem with my body」

Even Elena Ria cannot completely avoid an attack from the distance, there's some light flame fanning and trace of burn on her clothes and hair.

But, it seems that there's no wound on her body.

「I failed to make the preemptive attack but the other side doesn't have any intention to move. If so, we should throw all of the firepower」

Olivia says then steps forward.

The three did the same.

「Hmm, everyone's coming out now. Then, should I make a counterattack too?」

Saying that, she swing her arm.

Then, the whole large room began to vibrate.

I thought it was an earthquake for a moment but it's different.

When I moved my glance in search for the hypocenter, I saw innumerable crystals with a height of a human set in the wall of the room.

「Hammer magic on those crystals before it begins to move!」

Perhaps, that's the armament of the Queen or something.

If so, then I'd better decide the game before it was used.

「Leave this to me. The Goddess will be taking my magic!」

Olivia took out her bow then placed magic arrows.

Both the bow and arrow are seen farther than the impromptu thing that was used during the fight with Judith.

「There's no escape from my dark arts. It's useless no matter how strong the defense is」

Shizuku takes out a talisman from her breasts then began to recite something.

I heard that dark arts is not disturbed by physical defense unlike magic. Then, Arianne should be hurt too.

「Ahaha, my magic hurts you know~!」

「I will blow everything away with my wind!」

Contrary to the Witch, Eunice shoots out her magic directly.

Judith's an all around and can go as a vanguard and rearguard.

Though she's inferior from the two in pure skill, she still boasts strength that's separated from the normal magicians.

「Fire!」

Together my words, the attack of the four people was shot.

First was an arrow Olivia shot out.

Olivia who's originally using a shooting weapon had her strengthened arrow break through the speed of sound lightly then pierces Arianne's face.

Her defense instinct kicked up as the attack goes to her face, the Goddess raised her right hand to guard.

On the moment the arrow made contact with her palm, an explosion occurred.

「Tsk, a shallow one」

Olivia clicked her tongue, did she feel the response?

The following attack strikes before the smoke clears up.

This time, Judith's wind magic and Eunice's fire magic attack at the same time.

Eunice's blazing rock falls from the top and bullets of invisible wind covers the shape from the blind spot.

「Crush her!」

「If you think that you can beat me up easily, then you're making a huge mistake」

Arianne replied to Eunice then raised her left hand this time.

Then, a muddy stream emerged from the space in front of her and crushed the rock.

She can summon something that strong with just a swing of a hand? As expected of a Goddess 「No way!? I even did my best!」

「There's no way I'd receive such an easy to understand attack you know? It's obvious that you use water to go against fire...」

Saying that, Arianne cut it off.

The wind magic that approached from the blind spot exploded.

Having developed a large amount of magic than expected, Arianne took attacks from almost all sides.

「Tsk, an unfair technique...but, this much won't give me a scratch you know?」

Judith's magic turned the luxurious chair into pieces but it didn't reach Arianne herself.

I thought that there's something stuffed in the chair but it just broke that easily.

Arianne lost her chair and stood up, but she's clearly displeased.

「Haa, I really don't want to stand for too long as my legs swell. I have to end this sooner」

The Goddess says that but sadly, we're still not done attacking yet.

「...I'd be troubled if you forget about me!」

When Shizuku finished reciting her long incantation, she let go of the talisman and it burns mightily.

「Fire! Curse this person!」

At the same time, Arianne's feet bursts into flames.

The thermal power is like an incinerator, we're far from her and yet the heat seems to burn us.

Inside the flame, even if they don't take damage, the oxygen in their lungs would be burned down and they would suffocate.

「Kehokeho! That hurts! My goodness!」

With the fire that doesn't seem to let ash remain, Arianne appeared unhurt.

Looking at the traces of burn in her clothes, it doesn't seem to be that she's uninjured, but it's almost similar to no damage to herself.

「The arrow and fire from a while ago hurts but one attack is impossible」

Saying that, Arianne shows the right palm that caught Olivia's arrow.

Certainly, there's some blood showing that the skin was penetrated.

But, it's too small for a damage for her who took it directly for the first time.

Looking at it, Olivia's face distorted.

If a single attack with centralized power does it this way, I don't think we can attack normally.

「Look, it'll just come back」

Furthermore, when she clasped her hand and opened it, what we saw is a beautiful skin without any dirt.

A single bow with all the power recovered in an instant.

「That's it? Should I be going this time?」

Four huge crystals developed at last and it's floating around her.

「First would be a tryout」

When Arianne snapped her fingers, the crystal formed a line.

And just when I think the top shined, it poured in laser like rain.

「Dammit, is this magic?」

I developed a shield using my mana.

It should have kept a good thickness but it dissolved from the direct hit of the laser.

Though Aisha and Elena Ria are hidden in my shield, the other four are at their limits and unable to move.

If this continues, we'd be penetrated sooner or later.

That said, I understand that it's useless to attack the person herself.

I can't have barehanded defense even for a goddess.

Something, there must be something I can use.

「Fufufu, what's wrong? If this continues I'll be torturing you to death」

I ignored her fannning and thought about my measures.

It's mortifying but it's just as she said.

I have to think of a breakthrough plan faster...

While I was doing that, the shield's consumed steadily.

It doesn't seem that there's not much time left before the deadline.

Episode 3: VS Arianne – Middle Part

I think over while it's raining lasers.

I thought about how to give Arianne damage but meanwhile, the shield is being scrapped off.

「There's too few information, let's change the objective. Let's do the Goddess later and focus on the crystals first」

Coming this far, I thought that thinking is a waste of time so I concluded to change targets.

In other words, the crystals shooting lasers at us.

「When it's decided, I will once cut deep against my enemy」

「I see, I leave it to you」

I placed my hands on Elena Ria's shoulders as she presented herself as a decoy.

「But, be careful」

「It's fine, I won't make the same mistake」

Saying that, she dashed out of the shield.

「Oh, were you unable to stand it anymore?」

「Hmm, if you keep paying attention to my King, you might notice that your head would go flying you know?」

「Say that after you get close to me!」

The crystals who shot on the shield turned their fire to Elena Ria.

The laser's power seems to be able to melt her if it hits her just once but rushes to her.

「There's nothing easier to read as a straight line」

But, Elena Ria's not caught with those.

Looking at it, I noticed one thing.

The shots of the laser aiming at Elena Ria is too straight.

You usually aim at the moving target and aim with foresight .

But, those crystal's doesn't do it. It's as if they're amateurs.

「I see...Arianne's the one moving the crystal, set up a feint!」

Elena Ria nodded at my words and changed her movements The crystals movement were disturbed after that.

「You, stop moving like a bug!」

「Hahaha! Then, you're lower as you can't catch a single bug!」

「How dare you...!」

Arianne who became emotional swings one of her hand and lowered it, then the laser shot was spread.

Countless arrows of light covers the course of Elena Ria.

「There's no way you'd be able to escape this, get burned!」

「Certainly...But, your enemy isn't just one you know?」

At the moment the laser rain befalls to Elena Ria, a thick shield appeared in front of her and prevented it easily.

「Seriously, don't be absurd. If it wasn't for me, there would be no shield in front of you」

Appearing and making a shield at high speed to defend Elena Ria is only Olivia.

「Then, don't you think it's bad for you to be emotional?」

Arianne who concentrated to Elena Ria because of her provocation forgot there are other enemies.

Even a goddess has only two eyes and one brain.

「There!」

「Eat this!」

Eunice's thunder kick and Judith's wind attack made a direct hit on the crystals The crystals were smashed to pieces with power that would crush bedrocks.

With this, there's only two remaining.

「...I failed. But you see, what you did is useless? Because I got a lot of replacements」

Then, four new crystal is installed on the wall.

There's thirty more remaining crystals in this room.

「ufufufu, this time I'll target everyone」

Six Crystals lined up a line from left to right and suddenly the new crystal exploded.

「Kuh, what!?!」

Then, the explosion happened here and there inside the room.

「Just thinking at bit and you'd notice that there's the same shaped crystals in this room」

I say so to upset Arianne.

I let her to start that but there's no next.

Eunice and Judith aren't the only ones who moved while Elena Ria became the decoy.

Aisha, Shizuku and I split up and stick Shizuku's talisman filled with her dark arts on the crystals in the room.

Then, we chose our time to make it explode.

Arianne who successfully draws the crystal without knowing that it's a bomb has blew herself up wonderfully.

The healthy crystal is completely demolished from the shock of the explosion She won't be able to move those properly.

「And I just noticed it, but it was the correct answer to crush the crystal in two meanings」

I say so and laugh.

Arianne who's close to the explosion got a lot of wounds.

Arianne who got a scratch from Olivia's full power can't be unwounded

from the explosion this time.

If so, tis means that the mystery was cut.

「Those crystals seems to be your armament and magic power tank at the same time. You pull out huge magic power from there then reinforce your body higher than the limit」

Even though she's a goddess, her body should be what it looks like. Thus, there should be a limit on her magic power.

Then, if she used more power than that, she can't do anything but to restore her magic power.

「I would've been fooled if you just used it as a magic power tank, but it backfired when you used it as an armament that uses an enormous amount of magic power」

It's convenient to gather functions on one thing but the risks gather in one place too.

「It's your loss for being overconfident with your power」

Declaring so, Arianne had a wary face as she noticed that the situation is bad.

「...Right, I was a bit self-conceited」

But, her relaxed posture is still not broken.

「But, I still have magic power remaining you know? There's an obvious difference between a mere human and a goddess there!」

It's the goddess who changed the rule of this world, the queens are boasting with magical power with a quantity of two or three times different in comparison.

Even if the magicians on the surface gathered up, they're still no match.

「Then what about it? Do you really think that you're the only one not seized by the rule of this world?」

Saying that, I concentrated the magic power in myself.

「Hmm, that's a bluff. There's no way your magical power equals me」

Arianne says with confidence.

「If you're someone who thinks that I'm I guy who follows the rules set on stage, then burn this to your eyes」

I concentrated magical power on my right hand and released it.

The magical power is too thick that you can only see it dyed black.

Thinking that a shield with normal magical power is semi transparent, it's easy to understand the amount of magical power I used.

I further mold magical power and distort it to a shape of a sword.

「! That magic power, where did you get that?!」

Arianne's composure in her face disappeared instantly.

She fixed that women would have higher magical power than men but she also set a limit in power at the same time.

But , it seems that the magical power I'm releasing have exceeded the limit.

「Even if you stole you twin sister's power, you can only manipulate what's inside this world right? That kind of rule doesn't apply to me who's an outsider」

In simple terms, it's like an extraterritoriality rights?

「Aisha, you!」

Arianne looked at her younger sister with an angry face.

「That's right, I called Ryuu from the otherworld. To defeat you」

「You know that we can't control the power of a human outside our world! What have you done!」

Arianne let out her anger.

On the other side, Aisha faces her calmly.

「I don't have any other methods, I'll do anything just to get my revenge against you」

「...Do you really think that human would listen to you after defeating

me!?!」

In contrast, Aisha shook her head.

「No, I'm fine as long as I'm able to take my revenge」

「Then, I won't go easy. I'll completely banish you!」

Arianne shot a laser from her hand towards the defenseless Aisha.

Something that's far stronger than the crystal will hit Aisha in an instant.

「Hey, your line of fire is too honest」

But, it won't happen as long as I'm here.

That's because my magic sword interfered the laser between the two people.

I can't say that I'm skilled in sword but, Arianne's aim from too much anger is imaginable.

As long as my sword was able to block the heart and the head, it was enough.

「...Then, this is the end」

「What are you...guu!?!」

Arianne who tried to make her second shot from anger had her arms pierced by an arrow.

「Got her!」

Elena Ria plunges towards the flinched arianne and is about to stab a coup de grace.

「Don't underestimate me!」

Arianne moved both of her arms and created a shield.

But, even the Goddess can't put all of her power when shot by Olivia's arrow.

Then, her side was aimed for showing the chance as she was caught by surprise.

Elena Ria's sword finally made a cut on Arianne.

「Ga, gufuu...」

The Goddess bleed from her wound, fell then lied down.

「F-For me to be defeated by a human...」

It's unlikely for her to be able to move a single finger but I approached her cautiously.

「You gave us trouble, if you don't move I won't kill you」

「Losing...losing...」

「...hey, Arianne?」

When I noticed that she's being strange, I stepped back.

「I'll never accept...defeat. There's no way I would accept it!」

At that moment, the crystals broken in the whole room emits light.

「Shit! Get away!」

Everyone jumped back together from my call.

「I...I am this world's goddess!!」

At that moment, the crystal evaporates in and a storm of terrible magic power is generated in the room.

I was blown off from the shock given by the sudden large scale typhoon.

Episode 4: VS Arianne – Later Part

Though I was blown of by the storm of magic power, I was somehow able to regain balance.

Then, I looked forward.

I thought that she destroyed herself but it seems that she's in good health.

Rather, I can feel her existence was strengthened.

While I was thinking of the cause, a pair of wings appeared behind Arianne.

White wings that would make you think she's an angel, it's wearing the sign of sacredness.

The overwhelming amount of magic feels more than several times the original.

I confirmed the state of my allies but everyone's looking terribly bad.

They might be feeling strong physical pressure from the magic power.

Though I can move as I have similarly huge magic power, the others seems to be impossible.

「She absorbed the power of the crystals?」

Thinking from the situation, she must've gathered the magical power left from the crystals scattered in the room.

Even though it's broken, it was a tank that collected enormous amount of magical power originally.

If she gathered it all at a time, Arianne would be able to use magic more than her own limit.

「That said, there's no way you can deal with such a huge amount of magical power」

Then, those wings are something like an additional magic power tank?

Her taste is bad even though she's a goddess.

Therefore, all of the remaining magical power remaining in the room is poured into Arianne.

When the light in her body has calmed down, the wound Elena Ria has given her a while ago has disappeared.

「Ahaha, ahahaha!」

Then, Arianne laughs loudly as she saw the magical power dwelling in her body 「Amazing, I can do anything with all of this magical power!」

She right now have magic that can't be controlled leaking out her body.

Actually, it's not possible for the Queens to move properly because of the strong pressure of the magical power leaking out.

Looking at it, it's clear that the body is still maintaining the mass magical power in her body.

It's possible that the magical power is higher than mine.

But I can't fight directly when I'm daunted by it.

I talked to Arianne with a firm attitude.

「Even though you can't control that magical power well, you speak so proudly」

She remembered my existence because of my words.

「Then, I'll kill you first. You should realize the power of a perfect goddess!」

Saying that, Arianne turned her hand to me, then shoot off a very thick beam.

It's a thicker beam than the previous laser, I can't prevent this with my shield anymore.

「Then what about it?!」

But, as expected, her preliminary move is huge as she can't control her power.

Since I jumped back at the moment she charged the beam, I was able to

evade with composure.

But, that beam hits the wall on my back.

It vaporized and penetrated until outside the castle.

「This would be bad...Eunice, retreat from the castle」

「Onii-chan...Un, got it」

If I continue fighting with Arianne, this castle might collapse.

Did they perceive that they're going to be a hindrance by that time? The girls escaped from the open hole frustrated 「Now then, it's one on one...」

Saying that, a voice called from behind.

「No, it's two vs one」

When I turned back, Aisha was there.

「Aisha, I thought you escaped with them?」

「I'm going to ask you in return, do you really think I need to?」

Being told so, I looked at her and she doesn't seem to be worn down like the queens earlier.

「...I see, your magic power was restored」

Aisha used most of her magic power to summon me and came to be powerless but it seems to have restored in conventional time.

But, for her to be able to move in this pressure...

「I should've stolen your power, and yet why can you move!? Answer me!」

Arianne threatens as she asks, she had the same thought as me?

「I originally expected that you might attack me. That's why I sealed a part of my power」

Aisha confesses.

「Then you know that I was going to attack you!?」

Arianne gets angrier as she's being ridiculed.

「I thought that it was possible but I didn't have anything concrete. That's why it was just an insurance.」

Aisha stares back at Arianne.

「I summoned Ryu with that sealed magic power and recovered it bit by bit. By having sex with Ryu」

「What's that...there's no way you let that man have your body?」

Arianne speaks like she can't believe it.

She's always looking down on humans

「That's right, sex with Ryu is the best pleasure. Thanks to that, my magical power from my age returned」

「Clinging to a human male for your own revenge, how ugly. Very well, I'll purify the two of you」

「Ara, it feels really good you know? Arianne who's still a virgin would never know it though」

「Shut up! My partner has to be a nobler god!」

Saying that, Arianne shoots out the beam to break off the conversation.

「Could you not underestimate me?」

But, Aisha set up a magical shield to prevent it.

「How did it go right now?」

「Because the quality of Arianne's magic is the same as me, I can neutralize it. But, it won't hold long because the other side has a higher quantity of magical power」

「Then, should I just bring her down?」

While we're like this, Arianne gets irritated and continuously shoots down beams.

I guess I have to settle this sooner.

「Well, I'll do it」

I began running towards Arianne.

「Don't approach me!」

Arianne shoots out beams to me but it was prevented by Aisha.

Right now, I used Judith's magic as reference and closed up instantly.

It's impossible to do the high speed movement like the prson herself but I can move instantly if it's a straight line.

And Arianne who's not as skillful in combat as Aisha can't catch my movements .

「Take this!」

I made a magic sword on my right hand and slashed her.

「guu, don't think that I'll be finished with this!」

But, it was prevented by the feather that moved to the front.

For things molded by huge magical power, a sword is much more advantageous.

The usage of the wing produced as a magic tank and the sword for attack is different.

I cut off one wing.

「Agu, how dare you!」

Though Arianne is about to counterattack, Aisha prevented it.

I shoot out magic to support Aisha too.

Both of the attacks jumble and the interior of the room is destroyed one after another.

As expected, I have to start close combat.

I charged at her again to decide the match.

「There's no way it would hit for the second time!」

Arianne shoot Aisha with a beam as restraint and then wields the remaining wing.

Then, dozens of lifht from the feather rushed to me.

I'd be full of holes if I dive into this...

I released the magic sword on my right hand and created a shield to cover my body and continued the charge.

I defended a number of attacks quickly with the shield then flicked her wing with the shield.

Arianne who had her wing flipped got her defenseless front exposed.

「Sadly, this is the end」

Then, I stabbed the magic sword I made in my left hand on Arianne's chest.

「! Gaha!」

I used power that won't kill her, then Arianne fell down.

「Ryuu, are you okay?」

I got up at the same time Aisha was rushing to me.

「Yeah, no problem. Arianne is...」

Turning around, I see her down figure pierced by my magic sword.

She's not dead but she's not moving.

My magic sword doesn't damage the body but the magical power itself.

Arianne who was pierced by it had mass magical power spilling out her chest.

I think she lost consciousness because of the sudden decrease of magical power.

「Did we win?...」

「Yes, that's right. It's thanks to you, Ryuu」

Aisha kisses me after muttering.

「I really thank you for getting along with my selfishness」

「I didn't poke my nose to it so it's fine, was I able to keep my promise?」

「Yes, of course」

Thus, my contract with Aisha was accomplished.

Episode 5: The goddess lost her rear virginity

Afterwards, I carried the fallen Arianne out of the hall Arianne's magical power outflow stops.

But, the magical wing on her back has completely disappeared.

「Aisha, can I do what I want with this chick?」

When I say as I point to Arianne, Aisha nodded.

「Let's see, I'd be glad if my stolen power would be returned」

「Though the surplus has disappeared, she still have some magical power left. I'll squeeze them out」

「fufu, you're scary」

Aisha said while laughing.

「Yeah, could you tell the queens the result? They might still be worried.」

「Got it」

Aisha said then went out of the entrance of the castle.

「Now then, what should we do with the goddess?」

Saying that, I brought Arianne to the nearby room.

It seems to be a room for visitors but there's no sign of it being used In the first place, is there servants in this castle?

There's no fragment of life too.

「Well, it's fine as long as there's a bed」

I looked for the bedroom and laid Arianne on the bed there.

「Her body really looks like Aisha's」

Saying that, I moved my hand on her unconscious body.

Then, I know this feel very well

「This is interesting」

I've fully tasted Aisha's body so far but there's a same woman that's a virgin.

Furthermore, it's an opponent I beat down.. I'll fully enjoy doing as I please with this.

Aisha doesn't have any complains then it's a very exciting situation itself.

「Now then, how about you wake up now?」

I placed my hand on Arianne's cheek then poured in magical power.

As usual, I added aphrodisiac to let my partner get in heat by force.

At the same time, there's the effect of Olivia's arrow that prevents them from using magic.

「...N, kuu. Uu?」

The flowing magical power became stimulation and Arianne regained consciousness.

「Y-You! This...huh?」

Arriane tries to emit magic as soon as she saw me but, it doesn't materialize.

「Why, why?!」

「I used my magical power to disturb yours so you'll be a useless woman for a while. Also, don't you feel strange with your body?」

「Now that you said it, I feel hot. What did you do?!」

I replied cool-headed to the disturbed Arianne.

「I mixed an aphrodisiac effect with my magical power a while ago. Getting it mixed with your enormous magical power, I think it'll show an amazing effect」

「That's a lie. There's no way a goddess like me being affected by an aphrodisiac...Kuh」

The aphrodisiac showed it's effect while she's speaking? Arianne's face turned red.

Her skin that's exposed from the clothes with high exposure level began to dye faint red.

「Haa, haa, why is this...no, I don't want this...」

Arianne who got lightly in heat began to put her hand on her own crotch.

Even if she's a goddess, her body isn't different from a normal woman if her magical power is disturbed.

「What's wrong, do you want to play with me?」

「Who would...Nnn!」

Her mouth is refusing but her hand's comforting her vagina according to instinct.

「Can you still say the same if you see this?」

When I say that, I exposed my penis in front of Arianne's eyes.

In front of the body of Aisha's look alike, my arousal cannot be suppressed.

「T-That's...something that big...」

Arianne's aggressive attitude has became weak immediately.

There's no way I can hold my desire with this body in front of me.

It seems that Arianne's reacting to the aphrodisiac more than I expected.

「P-Please put it in」

Finally, I heard her voice wanting the penis from her mouth.

「What? I won't understand if you don't say it clearly」

But, it's boring to just put it in immediately.

I might as well let Arianne demand it with shameful words 「Please put your penis inside my vagina!」

Seeing it for the second time made her say it clearly. But, you can do even better than that right?

「Still no good, invite me with lewder words, Goddess. You may have my mercy if you do」

「U, Uu...」

Arianne's crying

But she made up her mind and pleads

「Your penis, please thrust in Ryuu-sama's penis inside my pussy!」

The woman who's looking at me like an insect is demanding for my penis miserably.

Furthermore, it was such a very pleasant act from the goddess of this world.

But, she had wished this far so I better grant it.

「Okay, get on all fours and turn your ass towards me」

「Yes!」

Arianne did as I told her instantly.

I go up the bed, stood on my knees then took out my penis.

「Now then, are you ready to lose your virginity?」

「U, uu...kufu...!」

She's shaking as if enduring something.

Though her body has become where she's unable to suppress it anymore, there's still some spirit left that won't let herself be completely obedient.

Then, let's completely conquer her.

「Here we go, this is the moment where a human steals the goddesses' first time」

I took aim and banged my waist in.

「Guuuuu!? Hi, Higiiiiiiiiiiiiiii!!」

At that moment, Arianne lets out a voice of agony.

That's normal. I didn't enter her vagina but her anus.

There's no foreplay but there's not much resistance than I was expecting.

「Aren't you glad, you're the only Goddess who lost her back hole virginity. Shouldn't you be proud?」

「Hiii, n-no! I want it in my pussy...but, my anus is now feeling good」

Arianne who's body is trembling seems to feel pleasure in anal sex unexpectedly.

At this rate, she'll feel it wherever I touch her.

I massaged the ass meat in front of my eyes to test it.

「I,nn...u!」

Even though I just massaged her ass, the entrance of her anus is tightening my penis hard.

Perhaps, her vagina's dripping with love nectar right now.

Looking at Arianne who had high pride now having her whole body an erogenous zone, I was unable to hold back anymore 「I'm moving.」

Saying that, I began to swing my waist.

「Hii, wait, wait! Stop moving!」

Arianne tried to turn her arm around to stop me but it's too late.

I've already dived my waist in deeper.

「Deep! If you do that much my anus would break!」

「Even if it's loose, I'd just repair it so I can use it again」

I say that without taking a rest.

At the moment Arianne's anus sucks up my penis, it feels unbearably good.

I don't want to stop until I ejaculate.

「Hii, hiiii! My ass is spreading further...Uguu!」

While listening to Arianne's gasping voice, I bang my waist without mercy.

Then, Arianne's body collapsed, was she unable to endure it anymore?

First, her hand and upper body fall down to the bed, her feet collapsed successively too.

Without taking of my penis from her anus, I cut in myself between Arianne's legs.

Then, I lean forward Arianne who's shape has become unshapely like a destroyed frog, I resumed the piston using my own weight.

「Rame, ramerame! That's too deep!」

「I'll cum deep inside you, be sure to take it all!」

ZupoZupo, every time my penis makes a piston, the anus tightens as if it doesn't want to separate.

I reached my limit due to that stimulation.

I finally dive a piston with all my might into the hole in her ass 「Higi, ah, aaaah!」

Then, I glued my waist to Arianne's ass at the same time I broke my limit then ejaculated in the deepest part of her.

「Hyagu! H-Hot stuff is flowing in...」

Arianne seems to be tired out so she just take in the ejaculation without any resistance.

After pumping everything to the last drop, I finally pulled out my penis.

Arianne's anus who received my violent piston is loosened and opens and shuts.

Because I let it out facing down, there's no semen dripping out.

「aaah, this is so cruel...This is a half-kill...」

Arianne's body is trembling while she's facing down.

Looking between her crotch , it's dripping wet.

「Don't worry, I don't intend to end this yet」

Since she's a virgin, there's now way I would not steal it.

My act with Arianne has just began.

Episode 6: Arianne's doing a fellatio

「What would you make me do next...?」

I sat down cross legged in front of Arianne who recovered from the anal creampie.

While I still have the composure, Arianne who's breathing heavily and have her beautiful silver hair disheveled clearly has none.

But, I'm not so gentle to give her a break here and she also wants to break the ache as soon as possible too.

Thus, she wants me to give the next instructions immediately.

「Let's see, how about you like mine this time」

Arianne's eyes opened wide from my words.

「N-No way! It want inside my anus just earlier!」

Even though she's in heat from the aphrodisiac, she's still refusing as expected.

Well, anyone would normally refuse that.

「It can't be helped. Should we lower the difficulty. Use this」

Saying that, I handed her a towel. I took out from the restroom of this room.

Then, I wet it with water magic.

「Do it carefully okay? If you do something strange then I'll pour in more aphrodisiac and leave you unattended」

「I-I get it. Then, I'll be touching it

When I spoke strongly, Arianne nodded obediently as expected.

Then, she touched the penis that's still erect.

「Hard, also, it's hot. This thing went inside my ass...there's still a strange feeling remaining」

Afterwards, I cured her sense of unease and immobility with recovery

magic but it seems that she's not completely cured.

「You'll keep me company from now on so you should get used to it」

Saying that, Arianne knits her eyebrows.

「...I'll definitely make my counterattack」

I clearly heard it but I just stayed silent.

Then, Arianne wiped my penis with the towel in her hand politely.

「It's fine now, it should be clean already」

I took away the towel when it's almost done

「Now then, how about you clean it yourself? Lick it」

「...fuu」

When I ordered her, she breathed out, reaching a conclusion. Then she brought her face close to my penis.

「...Gokku...hamu」

Then she took my penis in her mouth at last.

At first she's just timidly doing the glans part but the difference from wiping it with wet towel is dramatic.

It's wrapped with wet and warm space.

「Just like that, take it to the root. if you don't stimulate everything I won't be able to ejaculate」

If it's a good woman like Aisha, she might be able to make me ejaculate with just stimulating the glans.

But, Arianne who's doing it for the first time won't make me cum unless she use everything to serve me.

Perceiving that it won't end until I ejaculate, Arianne slowly takes it to the root.

Then, she put everything inside her mouth at last.

「Good, then use your mouth and stimulate my penis. If you did well then

I would cum」

When the fellatio ends, it would finally go insert her vagina.

Arianne's tongue began moving violently, did she realize that?

「Rero rero, chu, churun」

While moving her head up and down, she stimulates the penis by pushing her tongue.

「Aren't you quite good even though it's your first time? You might've the talent」

「I don't need that talent!」

「Hey, don't stop. When you stop the stimulation even for a second, the ejaculation would go away you know?」

Saying that, Arianne scowls at me.

「Isn't it your fault for fanning me?!」

「Ahahaha, then let me teach Arianne a good thing. Use your hand to stroke while doing fellatio and the excitement won't cool down」

「You can have fun making fool of me for now」

As expected, she did as she was told and continued the handjob without making a counterattack.

Just like that, the sexual techniques are being trained into Arianne bit by bit.

And, her body is helplessly getting more erotic without her noticing.

It arouses me more when I imagine it.

「Uu...to」

Some of my semen has leaked out a bit unintentionally.

I want to enjoy Arianne's fellatio and so I can't just ejaculate at this time.

「Just now」

But, the sharp-sighted her didn't let overlook the change.

「Jubu, jubu, jurururu!」

She shook her head greatly to stimulate it with her mouth.

「Ku, uu...」

Unable to endure, I leaked out a groan

「I'll be making you cum in a dash!」

Arianne buys time by doing a hand job and meanwhile she filled her mouth with a lot of saliva then took my penis in like that.

「Juppun!」

With a sound you won't think coming from a human body, my penis was swallowed hole.

「Uh, this is...」

Even though I've experienced various fellatios, Arriane right now is a different league.

Enough warm liquid spreads out in her throat then twines around my penis that's swallowed hole in sequence.

It feels like it's swallowed under a bottomless swamp.

「Chapu, reroo...」

In that state, Arianne's tongue moved and stimulates the penis.

The moving tongue goes up and down, and strokes my penis skillfully. Inside her warm mouth, her tongue is the one moving aggressively.

The monster lying hidden in the bottomless swamp is preying over my penis.

「It must be your first time feeling this great, don't you?」

Saying so, Arianne answered naturally.

「I'm the goddess unifying this world you know? There's no way a human would be able to do me」

「Oh, yet you lost to me?」

「You're not following the rules of this world. It can't be helped!」

Saying so, Arianne misplaced her anger.

Well, even an Olympic player cannot win when he participates a walking race by bicycle.

「Rather than that, are you okay with stopping your hand?」

「Uu, guu...」

Even though she's glaring at me, Arianne resumes her fellatio.

To tell the truth, I almost came with her fellatio earlier so the talk earlier saved me.

I want to enjoy Arianne's mouth for as long as possible.

「Hamu, ngu. Peropero, juru」

Unknown to her, she's doing her best in fellatio to make me ejaculate.

She's Aisha's twin sister, their faces are really alike.

If you dye the hair, you might not be able to judge who's who.

But, I can understand their difference on top of the bed.

Aisha's a tolerant woman who accepts man but Arianne's the type that won't be satisfied until she has taken the lead.

Thus, it might not be better to do it in missionary but cowgirl position.

When I thought of that, my arousal had risen again.

「Arianne, I'm about to cum」

「! Nfuu!」

Her movement has become more intense by those words.

Moving her arms around my waist, she hold my penis even deeper.

「Nu, eho! Haahaa, rerorero」

Arianne got choked from taking it in too deep but she immediately resumed and continued to rise my arousal.

「It's close, I'm going to cum inside your mouth. Don't swallow it until I say so」

I don't know whether she heard it or not because she's moving her head intensely but, if it doesn't do well then so it be, one of my pleasures will increase again.

Then, I finally reached my limit.

「Arianne, I'm cumming!」

I placed my hand on her head then I ejaculated while enjoying the feel of her smooth silver hair.

「N, nbu!? This is too much !」

Though it's my second ejaculation, it doesn't show any decline, it filled Arianne's mouth with a large amount of semen.

Then she's unable to endure it so she tried to raise her head but she wasn't able to as I'm holding her head.

「Fugu , juru, jurururu」

Arianne reluctantly stored the semen in her mouth.

When I finished ejaculating, I pulled out my penis from her mouth then looked at her.

「Okay, open your mouth」

「Nee...」

My pure white semen clogged up her mouth.

I shot out a lot if I say so myself.

「Then, drink it」

Saying that, Arianne scowled.

「You're the loser for today, do you know your own standpoint?」

When I spoke of it as a threat she finally drank it.

「Ueee, it tastes the worst. It doesn't even pass as a pig's food」

「Hmm, you're still saying that?」

Well, Arianne throwing up is better than a doll without any reaction.

「Then, I wonder if you finally want to do it?」

「Oh? what is?」

When I played dumb, she asked me with her face colored red.

「Sex! Sex! I'm so horny that I can't endure it!」

「Oh right, should we begin then?」

I lied down on the bed laughing.

「Now then, please show me the loss of virginity of the Goddess-sama」

The next one is finally the real thing.

Thinking that the arrogant goddess will break her own purity, I got aroused again.

My penis is already standing, prepared for the next act.

Episode 7: Dominating the Goddess

Lying down on top of the bed, Arianne looked down from above.

That said, I'm the one taking the overall initiative.

The overwhelming difference between the winner and the loser.

I'm still composed even though she's looking down on me and Arianne who wants to have sex badly is now hesitating.

「What's wrong? You're just going to sit on me and we're going to have sex. Don't say that you're going to stop after coming this far」

「O-Of course. I don't want to be teased any more than this」

Saying that, she still doesn't move her legs.

Could it be that she's resisting from having sex voluntarily?

Her pride as the Goddess might still remain and she's refusing the situation in front of her.

「If you're so slow, my thing would wither」

It's true, even if the best woman is in front of me, it would still wither if there's no movement for long.

Even I would not be able to maintain my erection when there's no stimulation.

「I get it! Uuu.....」

Arianne finally began to move and straddles on top of me Then, she slowly lowered her waist.

「That's right, that's the spirit. What a nice view」

Arianne's desperate but I'm composed.

「Shut up for a moment...N, nn!」

Then, Arianne's hand touched my penis and aimed at her vagina.

At that moment, her body shook greatly.

「That's right, if you lower your waist, the Goddess will lose her virginity.

You won't be able to see it twice so I'll burn this to my memory」

「Kuh...You pervert! Are all otherworlders are like this? Are they all people with bad personalities?」

「There's no way that is, we're just enemies. If you have sex with me and swear obedience, I'll treat you better」

I don't hurt my companions nor intend to treat them absurdly but, I have to return Aisha's power that was stolen by Arianne.

「Fuu, fuu, then I'll put it in」

While thinking about it, Arianne seems to have made her decision.

She adjusts the position of the penis then slowly drops her waist.

「Ah, mu...」

Arianne's vagina is tougher than expected.

But, it's a proper adult woman just like Aisha's.

It should be structured to accept a man.

The penis entered her slowly, has she thought of it too?

The entrance was quite tight but I can understand that her vagina's loose as soon as I entered.

「It's better than expected, is this thanks to the aphrodisiac?」

「I'm in heat because of that aphrodisiac so it's normal that it would serve it's original role」

Arianne says while looking at me.

Fuufuu, her cheeks blushing red while breathing heavily.

I see, I understand that her vagina would come loose if she's this much in heat.

The fearful part is that the goddess still has too much willpower to think even though she's in heat.

If it's a normal woman, she'd happily swing her waist even if she's a virgin thanks to the aphrodisiac.

Still, being able to suppress it even not perfectly, this is what to be expected from a Goddess.

「Nn, fuu...ah, this...」

As it continues to advance, it suddenly stopped on one point. Well, I can imagine what it is.

「It's finally your hymen. If this gets broken, Arianne would become my woman」

「You don't need to say it on purpose...Suuhaa, suuhaa」

Arianne breathed deeply to strengthen her feelings then she dropped her waist in a dash 「Igiiiiiiiiiii!!」

She groaned in pain.

She might've felt strong pain as she's calm and conscious.

At that time, I let out a voice unconsciously too.

That's because Arianne's vagina is too pleasurable.

Her vagina resembles her twin sister.

It's already obvious that it is an excellent quality vagina but, that alone wasn't able to make me hold down my voice.

「Dammit, it sticks too hard on me」

It might be because it's stimulated by the aphrodisiac for a while but, it's seeking my dick with lust and I've never experienced this.

I'm respecting Arianne now for as she's able to keep her sanity even though her vagina is in this state already Being stimulated this far, women would attack as soon as they became free.

While thinking of this, her vagina is wriggling automatically and squeezes out the sperm from the penis 「Arianne, your inside is amazing. I might not be able to last long with this」

Saying that, she returned to her original self conceited attitude looking down on me.

「I-Is that so? Well, that's normal. Think that getting inside me is an honor」

「But, isn't your legs trembling? You won't be able to move your waist, would you?」

「That's not true, I'll move immediately and make you plead to stop」

It's clear that it's a bluff in this situation but it's possible if she gets used to sex.

Having those thoughts, Arianne's vagina feels good.

「I'll be moving...N, nn!」

Placing her hand on my chest, Arianne began swinging her waist.

Her bold movement stimulated my penis inside her vagina intensely.

「Guh, uo!」

I leaked out a voice as I'm unable to endure, then Arianne spoke.

「Fufu, Just leak out your sperm slovenly」

「What about you? Your voice is trembling you know? Also, are you seeing me get docile?」

I say so and extend my hand towards her swaying big breasts.

The swelling breasts is having a beautiful shape as it shakes from the movement of the piston.

I massaged it from under.

「No, don't do my breasts! If you massaged it like that, I!」

「Haha, you're going to cum with your breasts? I don't mind」

「I'm saying I don't want it...Ihii! Not my nipples!」

When I stimulate her nipples that got erect, she reacted interestingly.

She stopped moving her waist as she's unable to endure it, this time I began piercing her from the bottom.

「Hii , damedame! Don't move!」

Arianne says so to stop me but I offered a suggestion.

「Then, in exchange of me stopping moving, would you return the power you stole from Aisha?」

「Why did my little sister come into this?」

「This is also part of my contract with Aisha. So, what would you do?」

It's is just actually a bonus for me. I've been indebt with Aisha this far so I thought that I must do something in return for her.

And Arianne's in front of me so I thought of having her return the power she stole.

「If you say no, I'll fuck you until you can't think of anything but sex. If you say yes, then I'll neutralize this aphrodisiac after one act」

「That's the same as giving me no options! Ahi , uu! Stop moving your waist while I'm talking!」

「Then, answer sooner. Before you can't speak anymore」

When I say that, Arianne nodded reluctantly

「I get it, I'll return Aisha's power」

「Great. Then, I'll make you cum immediately」

When I heard her answer, I pierced her up more intense than ever.

「Auuu! no, this feels too good!」

「While we're at it, swing your waist too and let's both feel good and climax」

「Even if you say that, how do I move my waist...Aku! Ahn!」

Looking at that, I gripped Arianne's waist.

「It can't be helped, I'll be moving us both」

Just like that, I lifted Arianne's waist with power.

Then I pushed up my waist the same time I lower it.

「Ahhhhhhhhhh!! T-Too deep!」

The penis piercing her vagina went in with the power that made it enter her womb.

Then, we continued without stopping.

「R-ramee~ I'm going to cum like this! I can't bear this!」

Arianne who's uterus is broken cries out.

「me too, I'll break open your womb and pour it inside」

The strong piston digs up the untouched uterus and rolls it up.

Then, the womb of the Goddess falls at last.

It began to open its entrance to my penis.

「I'll go in deeper!」

At that time, Arianne's body falls into my chest, unable to support herself.

「Ihiiii! Come, come inside meeeeeee!!」

Hearing those words of desire, I released my suppressed lust.

Byururururu!

My semen poured in her womb with a force like an opened dam.

「H-Hot. It's trembling amazingly, it continues...」

It finally calmed down after a minute.

Receiving a large amount of ejaculation, a huge amount of stamina was consumed and she fell down wearily.

「Arianne, will you keep your promise?」

「I-I get it. If you do this multiple times to me, I'll really go crazy」

「That's fine」

Thus, the five Queens and the Goddess

All of the women ruling this world are now put under my control.
